Docker CLI Installation

Date	24 October 2022
Team ID	PNT2022TMID43323
Project Name	Inventory Management System for Retailers

Step 1: Go the official Docker website: https://docs.docker.com/desktop/install/windows-install/
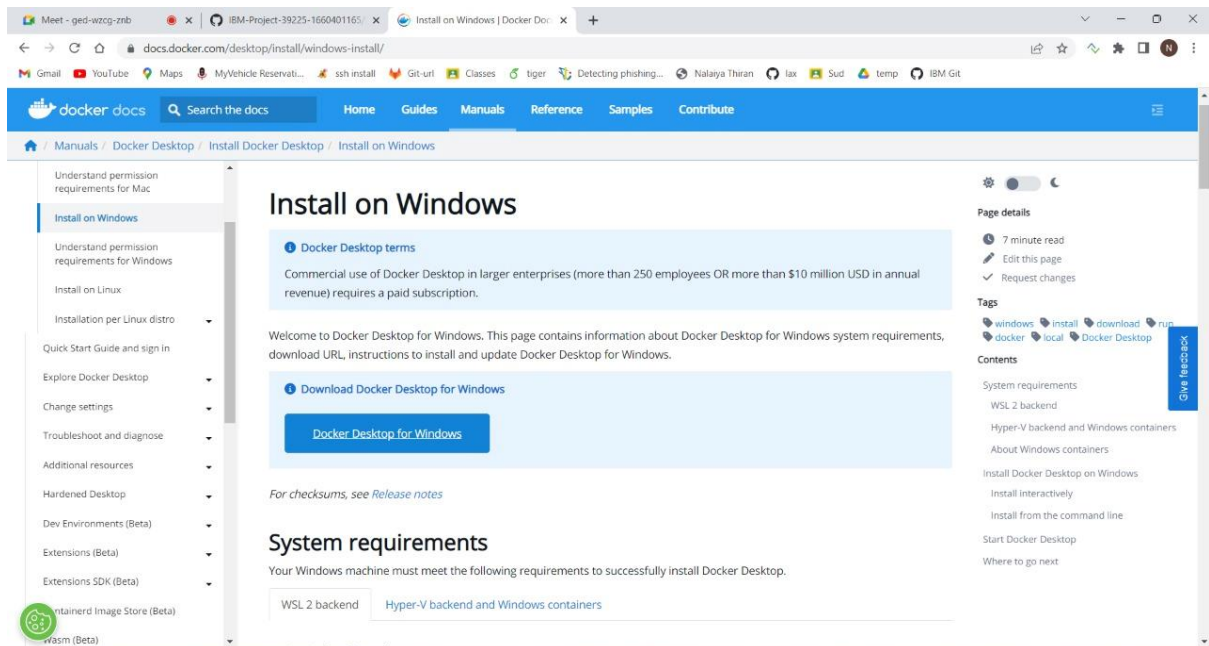

Step 2: Click that button (Docker Desktop for Windows) and download will start and it takes few minutes to complete.

Step 3: Go to downloads in browser (or) type ctrl + J, it will navigate to download page and double-click the particular docker file.

Step 4: Now Installation is complete. This icon was added in your desktop. Double-click the icon to start the docker app, you can register and login that app to access those credentials.

Step 5: Docker will start correctly, the left bottom side was shown in green colour, docker will show the status of docker app working successfully.

Step 6: Finally, the docker is installed successfully
